

United States Department of Veterans Affairs (VA) Notification Form for Modifications to Programs

Veterans and other eligible individuals may enroll in any education program they choose, if they meet the school's requirements for admission. However, Veterans and other eligible individuals who want to receive their GI Bill benefits must enroll in a program of education that has been deemed approved by law or that has been approved by the State Approving Agency (SAA) or the United States Department of Veterans Affairs (VA).

Courses deemed approved by Public Law 111-377, Section 203, subject to sections 3875 (b)(1) and (b)(2), 3680A, 3684, and 3696, of Title 38 U.S.C. effective August 1, 2011 are:

- Standard college degree programs and non-college degree programs offered at a public or not-for-profit proprietary educational institution accredited by an agency or association recognized for that purpose by the Secretary of Education. (Note: Courses taken that do not count towards a degree or certificate and programs offered under contract are not deemed approved)
- Flight training that is approved by the Federal Aviation Administration and offered by a certified pilot school that possesses a valid Federal Aviation Administration pilot school certificate.
- Apprenticeship program(s) registered with Office of Apprenticeship of the Employment Training Administration of the Department of Labor or a State apprenticeship agency recognized by the Office of Apprenticeship.
- Programs that lead to a secondary school diploma offered by a secondary school approved in the state in which it is operating
- A licensure test offered by a Federal, State, or local government

If a program is not deemed approved by law, the school must submit an application to the SAA requesting approval of the program(s). An education program must be approved before benefits can be paid to the Veteran or other eligible individuals by the VA. Any new institution or facility and existing facilities that have programs that are not deemed approved by law should contact their SAA: <http://www.nasaa-vetseducation.com/contacts/default.aspx>

This notification form is to be used for modifications to programs for existing institutions and facilities that have programs deemed approved by law and will assist the VA in ensuring compliance with Title 38, United States Code and appropriate regulations. This form and any questions pertaining to it would be submitted to the VA Education Liaison Representative of jurisdiction: <http://www.gibill.va.gov/school-certifying-officials/elr.html>

NOTE: Modifications to standard college degree programs at accredited public and not-for-profit institutions do not have to be reported (both new and removed standard college degree programs). VA must continue to be notified of new/modifications of non-college degree, flight, licensure, and high school programs in order to properly pay benefits and will approve or deny programs offered under contract.
