Sherman L. Ragland, II

Nelson J. Sabatini

Mario F. VillaSanta

Colleen Welch

Calvin W. Burnett
Secretary of Higher Education

This data report provides statistics about the number and percentage of Maryland community college students who earned a bachelor's degree from a public four-year campus in the state within a specified period of years.

- **Community college students who transferred during the 1999-2000 academic year who received a bachelor's degree within five years after transferring.**
- **Community college students who transferred during the 2000-2001 academic year who received a bachelor's degree within four years after transferring.**
- **Community college students who transferred during the 2001-2002 academic year who received a bachelor's degree within three years after transferring.**
- **Community college students who transferred during the 2002-2003 academic year who received a bachelor's degree within two years after transferring.**
- **The cumulative grade point average earned by community college transfer students (2003-2004) at their four-year institution in their first year after transferring.**

For each of the above cohorts, figures are supplied for all transfer students and by certain racial breakdowns (whites, African-Americans, and all minorities combined).

The figures in this report may understate the number and percentage of students who actually have earned a bachelor's degree, since they reflect only those students who graduated from the first institution to which they transferred. Students who transferred more than once, and earned a degree from a subsequent campus, are not reflected in the graduation totals.
