Harford	x	x		Most of Harford's courses are offered online/remote with exception of a few labs/lecture and applied music courses taught F2F.	x	x	x	Information as of 5/31
Howard	x	x	x	The majority of courses will be held remotely. Some courses need face-to-face instruction in order to be offered to students (e.g., health sciences, science, etc.)	x	x	x	T+A14:K17the majority of courses will be held remotely. Some courses need face-to-face instruction in order to be offered to students (e.g., health sciences, science, etc.)
Montgomery		x		Summer I and Summer II sessions enrollment data as of June 1, 2020. Summer I begins June 8, 2020 and Summer II begins July 11, 2020. Course will be offered in either distance learning or structured remote teaching format.		x		Enrollment Data is as of June 1, 2020. Fall 2020 classes begin August 31, 2020. At this point in time, all Fall classes are scheduled to be offered online or structured remote learning formats. Structured remote classes allow the ability to transition to in-person formats as conditions allow or to scale back if conditions worsen after a period of improvement. This is subject to state and county health requirements.
