

Spotlighting the extraordinary spirit of volunteerism within Maryland, Governor Hogan announced that Maryland would once again participate in the *Day to Serve initiative* from September 11 to October 10, 2018.

MHEC collected non-perishable foods and new or gently used clothing for Lockerman-Bundy Elementary School #261. The items were donated directly to their students and families of students.

MHEC Secretary Dr. James D. Fielder took the items that were collected and spent time with the students and their principal Kimberly Hill-Miller.

The 5th grade students enjoyed sharing stories about their **Wheel of Future Wall**, and promoted Principal Hill-Miller's belief that each student has the right to attend, enjoy, and succeed in college. The students look forward to the numerous field trips each year to colleges and universities, allowing them to see the different campuses they are interesting in attending in the future.

Lockerman-Bundy Elementary School #261 has the vision to provide students with an opportunity to learn in a:

Creative

Active

Rigorous

Environment in order to become **COLLEGE** and **CAREER** Ready!
