This report is composed of a set of tables showing, by campus, the undergraduate students who were enrolled in Maryland public colleges in 2017 and the Maryland public college to which they transferred in 2018. This analysis was possible because the Commission collects enrollment data on all students using encrypted social security number as a personal identifier. The tables were developed by matching the enrollment file for the Fall semester of 2017 with the Fall 2018 enrollment file using social security numbers.

There are five sections in this report; the first three are similar in nature:

SECTION 1: The tables in this section show the students who were enrolled as undergraduates in a public campus in 2017 and the public campus to which they transferred in 2018.

SECTION 2: The tables in this section show the students who were enrolled as full-time undergraduates in a public campus in 2017 and the public campus to which they transferred in 2018.

SECTION 3: The tables in this section show the students who were enrolled as part-time undergraduates in a public campus in 2017 and the public campus to which they transferred in 2018.

There are six tables in each section: one table for each category of students: all races; African-American; White; Hispanic; Asian; and Native American, other, foreign and unknown race. The left column of each table lists the campus of 2017 enrollment; listed across are the four-year institutions to which students transferred in 2018. The last three columns summarize the data as follows:

TRNSF TO 4YR: total number of students who transferred as undergraduates to a four-year public college.

TOTAL TRNSF: total number of students who transferred as undergraduates to a four-year public college plus those who transferred to a community college.

ENRLD GRAD: total number of 2017 undergraduate students who, in 2018, enrolled as graduate students in a four-year public college.

SECTION 4: The tables in this section show the students who were enrolled as undergraduates in a public campus in 2017 and transferred to a two-year institution in 2018.

SECTION 5: The last section of this report is a detailed analysis of the 2017 community college students who transferred in 2018 as undergraduates to a four-year public campus. There is a table for each community college. Each table lists the broad program areas in which students were enrolled in 2017 and the program areas in which they were enrolled in 2018.

## Notes

- The table provides enrollment status for Asian undergraduate students in the Maryland Higher Education Commission for the years 2017 and 2018.
- The data includes the number of students transferred to 4-year institutions, the total enrollment, and other metrics.
- Each row represents a different institution or program within the Maryland Higher Education Commission.

Note: The table above provides enrollment status for Hispanic part-time undergraduate students at various campuses in Maryland for the years 2017 and 2018. The columns represent the total number of students enrolled in each category, and the rows indicate the campuses. The ENRLD column indicates the enrollment status for the respective years.
