MARYLAND HIGHER EDUCATION COMMISSION ENROLLMENT TRENDS STATEWIDE BY RACE AND GENDER

2013 - 2019

Data represent student enrollment in Fall terms only. Figures include full-time and part-time undergraduate and graduate enrollment at Maryland community colleges, four-year public colleges and universities, and state-aided independent institutions. This report includes statewide totals for all segments combined.

Data include all degree- and non-degree-seeking students enrolled in credit courses.

school students dually enrolled in both high school and for-credit college courses. Full-time and part-time student attendance are defined by individual institutions.

Students may be enrolled at multiple institutions. They are included in counts for each institution at which they are enrolled.

Race/Ethnicity data are reported in alignment with National Center for Education Statistics requirements. Individuals reporting Hispanic ethnicity are always reported as Hispanic regardless of any racial category identified. Individuals identifying as non-citizens are always reported as foreign/non-resident alien regardless of any race/ethnicity identified.

Institutions report gender in four categories: "male"; "female"; "unknown, male assigned;" and "unknown, female assigned." Institutions randomly assign students who report an unknown or other gender to either the "unknown, male assigned" or "unknown, female assigned" categories. MHEC reporting includes these randomly-assigned students in the respective category to which they have been assigned by the institution.

This report includes all students enrolled in the institution *at any time* during the fall term prior to submission. This may differ from other reporting that only counts student enrolled prior to census date (e.g., Enrollment by Term and Year reports).

For questions or concerns regarding these data, please contact the MHEC Office of Research and Policy Analysis, rpa.mhec@maryland.gov.
