Introduction

Pages 205-206 of the Joint Chairmen's Report charged the Maryland Higher Education Commission (MHEC) with providing data on financial aid, as follows:

Institutional Aid, Pell Grants, and Loan Data by Expected Family Contribution (EFC) Category: In order to more fully understand all types of aid available to students, the committees request that data be submitted for each community college, public four-year institution, and independent institution on institutional aid, Pell grants, and student loans. Data should include, by EFC, the number of loans and average loan size of federal subsidized and unsubsidized loans and loans from private sources as reported to the Maryland Higher Education Commission (MHEC). Additionally, data should be provided on Pell grants, including the number and average award size by EFC. Finally, data should include the number of institutional aid awards and average award size by EFC for institutional grants, institutional athletic scholarships, and other institutional scholarships. The data in the response should differentiate between need-based aid and merit scholarships. Data should also include the number of institutional aid awards and average award size by EFC for tuition waivers/remissions of fees to employees and dependents and students. Waiver information for students should be reported by each type of waiver in State law. This report should cover fiscal 2023 data received by MHEC from State institutions and is to

The Joint Chairmen's Report charged MHEC with providing FY 2023 data by July 1, 2024. The present report is submitted in fulfillment of this request.

Definitions - Aid Programs

How to use this report:

The # of cases on the All Recipients section (first pages of PDF and first tab of Excel workbook) represents the total # of undergraduate aid recipients within the specified Expected Family Contribution (EFC) category at each institution. "Unknown" EFC indicates income and/or dependency status of aid recipient is unknown. The data include those who did and did not file a FAFSA.

For each aid category (tab of Excel workbook or pages of PDF document):

The # of Recipients represents the total number of recipients in the specified aid category. # of recipients may be less than the number of awards, as individuals may receive multiple awards within the same aid category.

Average \$ represents the average award per category and is calculated as the total aid in a specified category divided by the number of awards in that category.

Total \$ represents the total dollar amount of all awards in a specified category. Due to the conditions noted above regarding counting recipients and the presence of multiple awards within the same aid category, the # of recipients multiplied by the average award may not equal the total dollars disbursed.

The EFC is the amount a student and the student's family may be reasonably expected to contribute toward the students postsecondary education for the academic year. The family includes the student and the student's parents in the case of a dependent student, or the student (and spouse if any) in the case of an independent student. EFC is calculated based on data provided in the FAFSA.

"Unknown" EFC indicates that the income and/or dependency status of aid recipient is unknown. The data include those who did and did not file a FAFSA. For FAFSA filers, an "Unknown" EFC can be the result of such issues as rejected FAFSAs, unsigned FAFSAs, parental refusal to complete a FAFSA, and/or incomplete tax information.

Note regarding COVID-specific aid categories below - In FY2023, MHEC used additional aid categories to try to capture COVID-related sources of financial aid; therefore, for this year's report additional, and temporary, aid categories fall at the end of this report. The categories - grant, loan, scholarship and work-study - aim to reflect funds from federal, state, institutional and private sources. Institutions post funds in the appropriate aid category according to their own allocations. Any aid received from the Federal CARES Act is classified in that specific Grants aid category. All other pandemic-related federal grant aid is included in the "Federal COVID Grant" category. The HEERF categories (Higher Education Emergency Relief Funds) and other COVID-related items were introduced to this report in FY2020. For 2024, reporting the following temporary categories were removed from the report because institutions did not make any COVID-category awards in FY23: Institutional COVID Loan, Private COVID Loan, Federal COVID Scholarship, Institutional COVID Scholarship and Federal COVID Work Study. The ones listed below were included for FY23 reporting due to the continued usage of these temporary aid categories for reporting.
