Sanjay Rai, Ph.D.
Secretary

**MARYLAND HIGHER EDUCATION COMMISSION
FINANCIAL AID INFORMATION SYSTEM REPORT
ACADEMIC YEAR 2023 - 2024**

This series consists of two reports providing statewide and institution-level data on financial aid awarded to undergraduate and graduate students. This report includes segment-level data from Maryland community colleges, the University System of Maryland, Morgan State University, St. Mary's College of Maryland, state-aided independent colleges and universities, and private colleges and universities.

Data contained in these reports are drawn from the Financial Aid Information System (FAIS). FAIS contains financial aid data for students enrolled in credit programs at Maryland's public, state-aided independent colleges and universities, and other private institutions. The collection is due each fall, and it represents the previous fiscal year's financial aid data. The delayed submission date for the data allows institutions to reconcile all financial aid data for the previous year.

Students may receive more than one award. The number of awards is the sum of awards made within each aid category. The unduplicated number of students is the number of students receiving at least one award within the given aid type.

Aid awarded may not equal aid received; students may not take all aid awarded to them in a given year.

All aid programs use a unique code. Those codes are used to create aid categories and to delineate graduate and undergraduate aid.

Small numbers (1 through 9) are suppressed and marked with an asterisk (*).

These data are suppressed to protect student privacy. Complementary suppression may be used, as well.

Percentage distribution figures represent the proportion of a particular aid category in relation to the total across all aid categories (e.g., the % dist for Parent PLUS loans represents the proportion of Parent PLUS loans to the total of all loans, grants, scholarships, and workstudy, and the % dist for the loans subtotal is the proportion of all loans to the total of all of these aid types). This report provides aid awarded by aid type (grant, scholarship, loan, and work study). Columns and rows can be totaled and subtotaled, but users should anticipate that when summing values with an * (suppressed value), the value calculated should be used as an estimate. Overall aid awarded can be totalled by summing the values on each tab, but users should exercise caution when doing so as some values have been suppressed and replaced with an *.

For questions, contact MHEC at rpa.mhec@maryland.gov.
