**Martin O’Malley
Governor**

**Anthony G. Brown
Lt. Governor**

This data report provides statistics about the number and percentage of Maryland community college students, who earned a bachelor's degree from a public four-year campus in the state within a specified period of years.

- Community college students who transferred during the 2003-2004 academic year who received a bachelor's degree within five years after transferring.
- Community college students who transferred during the 2004-2005 academic year who received a bachelor's degree within four years after transferring.
- Community college students who transferred during the 2005-2006 academic year who received a bachelor's degree within three years after transferring.
- Community college students who transferred during the 2006-2007 academic year who received a bachelor's degree within two years after transferring.
- The cumulative grade point average earned by community college transfer students (2007-2008) at their four-year institution in their first year after transferring.

For each of the above cohorts, figures are supplied for all transfer students and by certain racial breakdowns (whites, African-Americans, and all minorities combined).

The figures in this report may understate the number and percentage of students who actually have earned a bachelor's degree, since they reflect only those students who graduated from the first institution to which they transferred. Students who transferred more than once, and earned a degree from a subsequent campus, are not reflected in the graduation totals
